## Returns to Schooling: A Sample Report

This sample PDF has three pages: text and a figure on page 1, a regression table on page 2, and notes on page 3. The cells of Table 1 are attached to the file as `table1.csv`, so the table that a program extracts can be checked against the values that were typeset.

Replace this file with your own PDF, or edit `sample.tex` and `table1.csv` to make a test PDF of your own.

Figure 1: A colour gradient, 200 by 120 pixels.

Table 1: Log hourly wage on schooling and experience
